**BREATHE BETTER AND STAY HEALTHY NATURALLY**

*"I'm so excited the HaloIR is now available for consumers. I hope that many respiratory condition sufferers will take advantage of being able to do halotherapy at home" Kathleen S.*

This is the only product in the market that combines two of the fastest growing wellness modalities - infrared and halotherapy/dry salt therapy.

Until recently it's only been available in Spas, but now it is available for **homes** and **private** use!

You can also make a **\$400** commission on **every unit** sold by sharing a leaflet like this to your contacts. Erin will close the sales, you just need to register and receive a unique promo code for your Clients to quote, just mention my reference KS101.
